

## We've been in your shoes

We know what you do matters because we've been on the front lines ourselves—as teachers, principals, and administrators at every level.

If you need hands-on coaching, leadership development, strategic consulting, help building networks, or some combination of these services, we can help you bridge the gap between where you are and where you want to be.

All children deserve a quality education that empowers them to thrive. However, each day educators are faced with new challenges driven by the accelerating pace of change. The need to perceive, understand, and act on emerging trends and practices creates added complexity and can strain capacity. At RTI International, we're partnering with educators to change that.

**EMPOWERING** Educators to  
**INSPIRE** Generations to Come

## Support for those who dedicate their lives to supporting others

In the Classroom

### Teaching and Learning

“Teachers who have participated in the RTI professional learning sessions come away with a toolbox full of resources and ideas for process changes—transformative practices that have been modeled and taught and then practiced by teachers. BEST PROFESSIONAL DEVELOPMENT EVER!!!”

**Kimberley Marion**, Program Manager, Magnet Schools and STEM Programs, Winston-Salem/Forsyth (NC) County Schools

In the School

### Leadership

“As a first-year principal of a new early college, I knew that I needed leadership support. Working with Dr. Laurie Baker and the staff at RTI was the best decision for me. RTI has provided exemplary service for me and my staff, and I look forward to more years of partnership.”

**Krystal Lane Cox**, Principal, Wilson Academy of Applied Technology

In the District

### Strategic Planning

“Our district simply did not have the manpower to collect the information, create presentations, and present the data in such a fashion that all could easily understand. RTI did just that. They were easy to work with and I found their work in helping us with our strategic plan second to none.”

**Dr. Alisa McLean**, Superintendent, Granville County Schools

Across Systems

### Peer Learning Networks

“One thing RTI does a really good job of is customizing support to what each group needs. Not just at the district level, the support is very specific to where participants are starting from. It’s an intentional process to understand where the group is and taking it from there.”

**Kathy Price**, Executive Director of Educator Effectiveness, Johnston County Public Schools
