13	Duration of award	Up to 24 months with potential renewal award based on performance review, but not to exceed February 16, 2026.

NOTE :

Point # 7 in the above table provides an indicative schedule of evaluation of grant applications. Applications will be evaluated at least once every two months. However, SAREP reserves the right to carry out evaluations earlier than two months if required. Applicants are invited to submit their proposals at any time during the year.

2 SOUTH ASIA REGIONAL ENERGY PARTNERSHIP (SAREP)

The South Asia Regional Energy Partnership (SAREP) is the flagship regional energy program of the United States Agency for International Development (USAID) mission to India (USAID/I). This five-year initiative (2021-26) will improve access to affordable, secure, reliable, and sustainable energy in six countries—Bangladesh, Bhutan, India, Maldives, Nepal, and Sri Lanka—in line with these countries' climate and clean energy priorities. The program is a key activity under the U.S. Government's Clean Edge Asia -Enhancing Development and Growth through Energy initiative and aligns with USAID's climate change priorities to advance equitable and ambitious actions to confront the climate crisis. The program helps the United States Government's Indo-Pacific Vision and facilitates collaboration among the six countries in South Asia to accelerate the transition to clean energy, mitigate climate change, and promote energy security.

SAREP seeks to encourage targeted action and drive systems change by engaging policymakers, regulators, utilities, private sector, investors, and think tanks among others, through four key technical objectives and three cross-cutting themes:

Objective 1: Enhanced regional energy markets and integration. SAREP will facilitate development of regional power markets, improve coordination and planning, strengthen national and regional institutions, drive consensus on power trade, and institutionalize a supporting framework and mechanisms. The expected outcome is increased cross-border electricity trade in the region by transitioning to tri- and multilateral power trade and a regionally integrated grid that will lead to an energy-secure South Asia.

Objective 2: Increased deployment of advanced energy solutions and systems. SAREP will enhance and accelerate deployment of clean energy technologies for transition to net zero emissions by helping partner countries reach near-term climate goals and avoid locking in longer-term emissions trajectories. These technologies include renewable energy, energy efficiency, energy storage, off-grid, behind-the-meter technologies and smart appliances, electric vehicles, green hydrogen, and solutions and tools to support renewable energy integration including market products among others.

Objective 3: High-performing modern utilities. SAREP will enable modernization of transmission, system operation and distribution utilities in the region to improve their technical, financial, and operational performance, grid resilience, enhance customer service, and promote adaptability to new technical advancements. The expected outcome is modern, financially viable utilities that enable clean energy transition and efficient energy markets.

Objective 4: Transparent, best-value procurement and private sector investment mobilized. SAREP will facilitate increased private sector investments and enhance domestic and international finance for clean energy deployment. SAREP will also enable improved procurement processes and governance, adoption of best-value procurement practices, promote PPP models, and improve bankability of clean energy projects.

SAREP's activities and outcomes also support and contribute to the Strategic Clean Energy Partnership (SCEP) and the Climate Action and Finance Mobilization Dialogue (CAFMD) under the recently established U.S.-India Climate and Clean Energy Agenda 2030 Partnership. Through this collaboration, India and the U.S. aim to demonstrate swift climate action that is

inclusive, resilient, and based on national and regional priorities. Countries in the region will also benefit from this collaboration through sharing of the learnings, best practices, lessons, and templates from previous experience which can be customized and replicated in other South Asian countries.

Private sector engagement. SAREP will enable and enhance private sector participation, leverage and mobilize resources, strengthen the enabling environment, increase awareness and understanding of solutions to enhance private sector finances, and promote replication of successful approaches.

Gender diversity and inclusion. SAREP will increase awareness and enable inclusion considerations in the energy sector, particularly mainstreaming gender in the energy sector. It will also engage and promote women leaders and entrepreneurs across the region.

Pollution mitigation. SAREP will advance clean energy deployment to reduce air pollution associated with the energy sector.

SAREP aims to achieve the following outcomes (Expected Results) over the duration of the Program.

FIGURE I. EXPECTED RESULTS

These outcomes will be achieved through a combination of activities delivered through:

1. SAREP Task Order being implemented by RTI International and its consortium members and subcontractors.
2. SAREP Partnership Fund i.e., grants administered by RTI International, as part of the SAREP Task Order.

3 PURPOSE OF THE SAREP PARTNERSHIP FUND

The SAREP Partnership Fund (SPF) will support market-based transformative solutions to enable the clean energy transition, particularly by engaging the private sector, local organizations, and new and underutilized partners. It will also harness innovative business models, solutions, technologies, resources, experiences, and networks of relationships that exist across stakeholders. SPF will achieve this by catalyzing country and regional activities to complement the technical assistance provided by SAREP. SPF aims to expand and maximize the impact of USAID resources in an innovative and sustainable manner through the SPF activities designed, owned, and implemented by grantees under the SAREP Program.

This Annual Program Statement (APS) APS-SAREP-FY24-001 is the FOURTH round of calls for applications planned under the SPF. This APS focuses on activities specific to all six SAREP countries – Bangladesh, Bhutan, India, Maldives, Nepal and Sri Lanka.

Through this APS, SPF is inviting applications to fund qualified organizations for supporting activities and programs consistent with the SAREP's purpose of improving access to affordable, secure, reliable, and sustainable energy, and its four objectives. All proposals must address one or more of SAREP's four objectives:

- Objective 1: Enhanced regional energy markets and integration.
- Objective 2: Increased deployment of advanced energy solutions and systems.
- Objective 3: High-performing modern utilities.
- Objective 4: Transparent, best-value procurement and private sector investment mobilized.

Applicants should submit proposals that enable and deliver strong and long-lasting development results.

As per USAID procurement guidelines, the grant instrument is used when the principal purpose is to financially support the recipient in its accomplishment of a public purpose. Further to that, this APS provides prospective applicants with requisite information and a fair opportunity to develop and submit applications to SPF for potential funding. Local organizations, new and underutilized partners are especially encouraged to participate in the process. (To know more on USAID's New Partnerships Initiative (NPI) click on the following link: <https://www.usaid.gov/np/np-key-definitions>.)

To achieve the results outlined under the four technical objectives, the SAREP Partnership Fund will support the types of activities illustrated below:

- Pilot demonstrations
- Incubation support
- Feasibility studies, detailed project reports, and market assessments
- Knowledge management and dissemination
- Policy advocacy and consensus building
- Knowledge sharing, exchange, and institutional capacity development
- Developing business models and innovative solutions, and structuring of innovative financial transactions to enable clean energy transition
- Design and deploy new decision-making tools

Other eligible activities, or a combination of the above activities with or without other eligible activities, can also be proposed, provided they support achievement of above-mentioned outcomes and are consistent with the four technical objectives. Activities that are ineligible for funding are listed in Section 4 below.

Issuance of this APS neither constitutes an award nor a commitment on the part of RTI or USAID to pay for costs or defray expenses incurred in the submission of the application. In addition, this APS is not intended to replace any current or future funding agreements that the organizations may have with any government department/multilateral or bilateral agencies.

The awards will be based on a competitive ranking of applications (described below) and subsequent discussions which will include negotiation with RTI.

4 INELIGIBLE ACTIVITIES

The SAREP Partnership Fund cannot be utilized for the following activities:

- Support expansion of capacity or extend the operational life of carbon-intensive fossil fuel-based energy projects (e.g., oil, fossil [natural] gas, and coal). Support for natural gas for household energy access projects, in particular clean cooking projects, can be considered, if no cleaner options are feasible
- Purchases of restricted goods, such as agricultural commodities, motor vehicles, pharmaceuticals, contraceptive products, pesticides, used equipment, or fertilizers without the previous approval of the USAID Task Order Contracting Officer (TOCO)
- Purchase of prohibited goods under USAID regulations, including but not limited to police or law enforcement equipment, abortion equipment and services, weather modification equipment, luxury goods, and gambling equipment
- Purchases of any equipment or services from specific companies, or their subsidiaries and affiliates, including Huawei Technologies Company, ZTE Corporation, Hytera Communications Corporation, Hangzhou Hikvision Digital Technology Company, and Dahua Technology Company (“Covered Technology”)¹
- Purchases of goods or services restricted or prohibited under the prevailing USAID source/nationality and other regulations; or from countries or suppliers as may be identified by USAID's consolidated list of debarred, suspended, or ineligible subcontractors at <http://www.sam.gov>
- Construction, infrastructure, renovation, and rehabilitation projects. Definition of “Construction” for purposes of this manual means construction, alteration, or repair (including dredging and excavation) of buildings, structures, or other real property and includes, without limitation, improvements, renovation, alteration, and refurbishment. The term includes, without limitation, roads, power plants, buildings, bridges, water treatment facilities, and vertical structures
- Other costs unallowable under USAID rules and/or federal regulation 2 CFR 200 Subpart E, such as fees/profits by the recipient (including sub-awardees)

¹ It is the policy of RTI to comply fully with Section 889 of the National Defense Authorization Act (NDAA), which prohibits the government from obtaining (through a contract or other instrument) certain telecommunications equipment or services produced by one of five Chinese companies or their subsidiaries and affiliates. Under its policies, RTI cannot provide the federal Government equipment that contains technology produced by one of the banned entities or cannot use equipment or services that incorporates technology produced by one of the banned entities regardless of whether the use relates to a federal Government project. RTI is required to conduct a reasonable inquiry to uncover information in RTI's possession about the identity of the producer or provider of covered telecommunications equipment or services used by RTI.

5 ELIGIBLE ORGANIZATIONS

The SAREP Partnership Fund grants can be provided to private sector / for-profit entities; not-for-profit organizations; nongovernmental organizations (NGOs); civil society organizations; business service organizations; industry, trade, or other private sector associations; educational/training or academic institutions; and think tank/research entities which are eligible to receive foreign funded grants in accordance with applicable local regulations. Government and or quasi-government (parastatal entities) are not eligible to apply for and receive grants funded under this APS. All applicants will be bound by various USAID regulations as relevant and set forth in the US Code of Federal Regulations and Automated Directive System.

Grantees should be registered in any of the countries not expressly prohibited in ADS 310 and should be legally authorized to operate in the country/ies where performance of grant activities are proposed.

(<https://www.usaid.gov/sites/default/files/documents/310.pdf>) and ADS 310maa

(<https://www.usaid.gov/sites/default/files/documents/1864/310mac.pdf>).”

ADS 310 states that Grants/cooperative agreements using USAID program funds may be made/entered into without regard to the nationality of the prime recipient as long as that organization is not otherwise restricted by statute, regulation, Agency policy, or administrative determination (i.e., suspension and debarment) from receiving assistance.

SAREP grantees must be compliant with requirements set forth in the US Code of Federal Regulations (CFR) Title 22, Part 228, Automated Directives System (ADS) Chapter 303, ADS 591, and 2 CFR 200 Subpart E for Cost Principles and Subpart F for Audit Requirements. To be eligible for funding grantees must:

- Have no real or apparent conflicts of interest that could jeopardize the impartiality of the selection process or arise and affect project implementation. Applicants will be required to proactively declare any such potential conflicts so that they are mitigated in advance of applicant consideration. Any such conflicts can be personal, business, or finance related
- Be legally authorized to receive foreign funded grants and conduct activities in the country for which application is made and accordingly demonstrate compliance with all applicable local legal and regulatory requirements such as but not limited to:
 - In the case of India, comply with applicable provisions of the Foreign Contributions Regulations Act FCRA and have an active and valid FCRA registration valid at least for 6 months as of the date of application
 - In the case of Nepal, comply with provisions of The Social Welfare Act, 2049 (1992), and / or Associations Registration Act, 2034 (1977) and / or The Income Tax Act, 2002 (2058), as may be applicable
 - In the case of Bhutan, comply with regulations and norms of Civil Society Organization Authority (CSOA), Bhutan and the Bhutan Royal Monetary Authority, as may be applicable

- In the case of Sri Lanka, have the mandatory registrations and approvals from the relevant Government Ministry. In addition, comply with regulations specified by External Resources Department under the Ministry of Finance and provisions specified by Voluntary Social Service Organizations (Registration and Supervision) Act, No. 31 of 1980 as amended, as may be applicable
- In the case of Maldives, comply with regulations and provisions of Ministry of Youth, Sports & Community Empowerment and the Associations Act I/2003, as may be applicable
- In the case of Bangladesh, comply with the provisions of Foreign Donations (Voluntary Activities) Regulations Act, 2016, as may be applicable.

Applicants must submit documents to support their eligibility to receive foreign grants.

- Have internal controls and processes to safeguard assets and protect against fraud and waste
- Have written and well-articulated ethics/conflict of interest policies
- Have sound financial systems and accountability with up-to-date accounts consistent with local laws and regulations
- Be willing to abide by all applicable USAID regulations and complete, sign, and abide by all required certifications, including the Branding and Marking requirements
- Be willing to report on achievements and outputs in line with RTI's approved monitoring and evaluation plan
- Already has or commit to secure a SAM Unique Entity ID (UEI) number if the anticipated grant award is \$25,000 or more. The UEI number has replaced the now redundant DUNS number. The UEI number can be obtained at www.sam.gov (Submit copy of UEI number or proof of registration in SAM.Gov for UEI number in case the UEI number has not been obtained)
- Be willing and able to ensure compliance regarding environmental monitoring and mitigation. The Foreign Assistance Act of 1961, as amended, Section 117, requires that the impact of USAID-funded activities on the environment be considered and that environmental sustainability be considered in designing and carrying out development programs. The environmental impacts of USAID-financed activities must be identified prior to a final decision to proceed and appropriate environmental safeguards are adopted for all activities. SAREP will provide guidance post award to each grant recipient develop an environmental monitoring and mitigation plan that is fully compliant with USAID regulations, per https://www.usaid.gov/our_work/environment/compliance/22cfr216

Ineligible Grantees

The following types of applicants will not be eligible for receiving grants from SAREP:

- Any Public International Organization, unless approved by the USAID/India Mission Director
- Government or quasi-Government (parastatal entities)
- Any proposed 2 CFR 200.1 contractor that is registered in a country listed under USAID's list of Prohibited Source Countries (as per ADS Reference 310mac)
- Entities that have a previous record of misusing U.S. Government funds
- Political parties or partisan political organizations
- Organizations or groups that promote any illegal activities
- Applicants engaged in or proposing activities that may have a negative environmental impact, unless such negative environmental impacts are an incidental byproduct of activities that otherwise advance the purposes of the Partnership Fund and can be effectively mitigated²
- Applicants that have child protection, human trafficking, or exploitation violations and are in violation of international human rights standards
- Applicants that are affiliated with RTI or any of its officers, directors, or employees
- Any entity and/or its key personnel that has an active exclusion in the U.S. Government's System of Award Management (www.sam.gov)
- Any entity and/or its key personnel that appear on the U.S. Department of Treasury Office of Foreign Assets Control (OFAC) Specially Designated Nationals (SDN) and Blocked Persons list (<https://sanctionssearch.ofac.treas.gov/>)
- Any entity with members directly or indirectly involved in money laundering, acts of terrorism, gambling, or drugs
- Any entity that is undergoing bankruptcy or restructuring under a legal or regulatory process
- Any entity which based upon the due diligence to be conducted by RTI, appears to be ineligible for receiving the Grant under this APS or carry out the proposed activities out of the amount of the Grant to be given under this APS

² In accordance with the USAID environmental regulations and SAREP Environmental Mitigation and Monitoring Plan.

6 PARTNERSHIP FUND GRANT EVALUATION CRITERIA

Application shall be screened and evaluated per the following process:

Pre-screening: All applications meeting the minimum eligibility criteria (Section 5) and conformance to the application content requirements of this APS (Section 9) will be evaluated by SAREP’s Technical Evaluation Committee (TEC).

A three-step evaluation process will be adopted:

- Step 1: Alignment with and relevance to the SAREP objectives. Alignment and Relevance will be based on contribution to one or more of SAREP’s four technical objectives and expected results described in Section 2 above
- Step 2: Applications meeting the compliance and relevance check shall be evaluated based on the following selection criteria with weights as provided below in Table 6-1
- Step 3: Discussions and negotiations with the shortlisted applicants based on suggestions and feedback from the TEC

A Grant Award will be signed with the successful applicants, subject to completion of all pre-award requirements. Activities implemented prior to the Grant Award cannot be funded through SPF.

The following selection criteria and scoring will be used for the review. **Table 6-1** lists the selection criteria and points by major category of evaluation.

Table 6-1 : EVALUATION CRITERIA

#	CRITERIA	WEIGHT
1.	Technical Approach and Merit <ul style="list-style-type: none"> a. Innovativeness of the Concept b. Expected impact and its scale c. Soundness of the implementation plan and strategy d. Relevance and potential for scaling and replication across South Asia e. Sustainability after the end of grant support f. Funds leveraged (in kind or in cash) in relation to the grant amount sought g. Environment sustainability and greenhouse gas (GHG) mitigation potential h. Demonstrated evidence of collaboration/commitment with host institutions, i.e., a beneficiary that will enable sustainability and scaling of the grant-funded activities i. Return on investments, i.e., impact achieved relative to the grant amount proposed 	60%
2.	Organizational capabilities <ul style="list-style-type: none"> a. Quality of the technical and management team b. Organizational capacity and soundness of management and accounting practices c. Applicants local to the country of implementation or otherwise demonstrate local knowledge and implementation experience 	20%

#	CRITERIA	WEIGHT
3.	Commitment to gender diversity and inclusion (applicant’s gender and diversity approach should be integrated into the technical design)	10%
4.	Past performance record	10%

Definitions of Evaluation Criteria Rubrics

1. **Technical Approach and Merit.** The extent to which the proposed activity demonstrates innovative or unique approaches (that enable large impact or reduce cost or improve performance, etc.) to achieve the desired outcomes. The quality and feasibility of the proposal in terms of the viability of the proposed technical approach, including the expected impact and its scale, soundness of the implementation plan and strategy including its timeliness, relevance and its potential for scaling and replication, sustainability beyond the grant support, funds leveraged from other partners, environmental sustainability and greenhouse gas (GHG) mitigation potential, demonstrated commitment from a host institution (such as a Government entity, public institution, utilities, municipalities, financial institutions, trading companies, etc.), and return on investment, i.e., impact achieved in relation to the funding sought (60%)
2. **Organizational Capability.** Evidence of the applicant’s capability to undertake and accomplish the proposed activities. The application should demonstrate the organization’s effectiveness in terms of internal structure, technical capacity, and personnel. In addition, the organization must demonstrate adequate financial management capability. The evaluation will be based principally on the background, qualifications, reputation, performance timeliness, appropriateness, and skills of its personnel; and the “track record,” service quality, client satisfaction, and achievements related/similar to the grant opportunity. Organizations need to demonstrate understanding of local context and experience of working in the region (20%)
3. **Gender diversity and inclusion.** Extent of integration of inclusion and gender mainstreaming in the proposed activities (10%)
4. **Past Performance.** Reference checks to determine if the applicant was successful in achieving its goals as specified in the award; effectively able to plan and manage its award; and how proactive and responsive the applicant was in addressing obstacles during performance (10%)

7 TIMELINES

The expected schedule of activities is provided below in Table 7-1:

Table 7-1 : EXPECTED SCHEDULE

#	ACTIVITY	TIMELINE
1	Release of APS	December 29, 2023
2	Information Dissemination Event	TBD – Will be notified on the SAREP website www.sarepenergy.net
3	Questions from potential applicants due	By the 15 th of each month. Answers will be posted within 10 working days on the SAREP website. www.sarepenergy.net
4	Application evaluation schedule #	Bi-monthly (every two months) (see indicative dates below)
	Round 1 - call for full applications	Applications received until February 29, 2024, 23:59 hours IST will be evaluated in Round 1
	Round 2 - call for full applications	Applications received until April 30, 2024, 23:59 hours IST will be evaluated in Round 2
	Round 3 - call for full applications	Applications received until June 30, 2024, 23:59 hours IST will be evaluated in Round 3
	Round 4 - call for full applications	Applications received until August 31, 2024, 23:59 hours IST will be evaluated in Round 4
	Round 5 - call for full applications	Applications received until October 31, 2024, 23:59 hours IST will be evaluated in Round 5
	Round 6 – Call for full applications	Applications received until December 31, 2024, 23:59 hours IST will be evaluated in Round 6

NOTE :

Point # 4 in the above table provides an indicative schedule of evaluation of grant applications. Applications will be evaluated at least once every two months. However, SAREP reserves the right to carry out evaluations earlier than two months if required. Applicants are invited to submit their proposals at any time during the year.

Questions from applicants should be sent electronically to sarep-grants@rti.org (Subject: Questions – Name of the entity). The schedule for receiving questions is mentioned in the table above.

Questions should be serially numbered and refer and cite the specific section of APS to which they relate to. Each applicant is requested to consolidate all questions and send them in a single batch. Answers to questions received from potential applicants shall be compiled together and shall be made publicly available.

8 BUDGET, TYPE OF GRANT AWARD, PROGRAM INCOME AND AUDIT

- A. In accordance with ADS 302, the total value of any individual grant to a U.S. organization, if any, must not exceed the Simplified Acquisition Threshold (SAT), which is \$250,000. The applicable ceiling for grant awards to non-U.S. organizations is \$500,000.
- B. Type of Grant Awards : The following type of grants may be awarded by SAREP:
- Fixed amount awards (FAAs)
 - Simplified Cost-reimbursement Grant (SIG)
 - Standard cost-reimbursement grants (STGs)
 - In-Kind Grants

The limitations, funding, and primary use for each of those categories of grants are shown in the **Table below**.

Table 8-1 : GRANTS AWARD TYPES AND AMOUNTS

GRANT TYPE	LIMITATIONS	FUNDING	PRIMARY USE
Fixed Amount Award (FAA)	Up to \$250,000 for non-U.S. organizations and not to exceed \$250,000 for U.S. organizations	Paid a set amount upon achievement of milestones	Activities with clear deliverables. Best for programs with a fixed scope with little anticipated changes in activities or cost
Simplified Cost-reimbursement Grant (SIG)	Up to \$250,000 for non-U.S. organizations and not to exceed \$250,000 for U.S. organizations	Based on actual costs incurred	Activities where outcomes are not clearly defined
Standard Cost-reimbursement Grant (STG)	Up to \$500,000 for non-U.S. Organizations and not to exceed \$250,000 for U.S. organizations	Based on actual costs incurred	Higher value grants for activities where outcomes are not clearly defined
In-Kind Grants	Up to \$500,000	RTI will procure goods and provide	Low-capacity grantees, primarily for procurement of goods

- C. The term “leverage” describes non-U.S. Government resources, including cash and in-kind gifts and services provided through private-sector partnerships. Leverage directly contributes to a USAID project or activity or augments its results by making it more sustainable or effective. Leverage must meet all of the following criteria:
- It is verifiable from the records of the contributor, the recipient, or other entities that access and use the resources
 - It is measurable

- It creates a tangible and intended impact under a project and
 - Its availability is attributable to USAID's engagement
- D. Grant Program Income generated or earned by the Grantee because of the Grant Award, e.g., fees for services performed and for the sales of services, use or rental of real or personal property acquired with grant funds, sale of commodities or items fabricated under the grant, payments of principal and interest on loans made with grant funds; and any donations that are solicited by the Grantee during a grant activity shall be reported to USAID SAREP. Program Income earned under Grant Awards shall be applied and used in the following descending order:
1. Added to funds committed by USAID and the Grantee to the project or program and used to further eligible project or program objectives
 2. Used to finance the non-Federal share of the project or program and
 3. Deducted from the total project or program allowable cost in determining the net allowable costs on which the federal share of costs is based

If the terms and conditions of the Grant Award do not specify how Program Income is to be used, then number 2 above shall apply automatically. Grantees shall have no obligation to the U.S. Government regarding Program Income earned after the end of the grant period. Costs incurred when generating Program Income may be deducted from gross income to determine program income if the costs have been charged to the Grant Award and comply with applicable rules for allowable costs under grants.

- E. Upon completion of the project, the recipient will provide all required final progress, performance, and financial reports.
- F. SAREP requires an external audit of SAREP Partnership Funds at any time during the period of the Grant. If audit costs are not included in the approved Budget, SAREP will amend this Grant to realign the Budget to cover the costs of the audit. The audit firm selected must be pre-approved by SAREP. The scope of work for the audit shall be pre-approved by SAREP and shall include a requirement that the auditors' test all material expenditures charged to the SAREP Partnership Funds for reasonableness, allocability, and allowability.

The audit report shall include either a separate statement or an integral comment from the auditors regarding their conclusions regarding the reasonableness, allocability, and allowability of these material costs. The audit report shall include the auditors' recommendations regarding the organization's compliance with local laws and terms and conditions of this Grant and any recommendations regarding improving internal controls. Two copies of the audit report with auditor's recommendations are due to the SAREP Grants Director no later than 15 days after the final audit report.

9 GRANT APPLICATION FORM (PART I and II)

Instructions:

1. All Applicants are required to complete and submit the below application form in hard copy or electronically. Applicants must clearly indicate if they are applying for a Standard Cost Reimbursement Grant (STG) or Simplified Cost-reimbursement Grant (SIG) a Fixed Amount Award (FAA). If applying for an FAA, the applicant must propose a Milestone Payment Plan in addition to the budget, indicating the percentage of payment associated with each milestone and explaining how these percentages are derived.
2. Attachment A and B referenced in this application are required parts of the application and must be attached to the completed application form. Therefore, a complete application should consist of this form (Part I and II) and both the attachments (A and B).
3. By signing and submitting this application, the Applicant attests to the Anti-Terrorism Certification in item 15.
4. Applicants must complete Part I (items 1 – 11) and submit the signed form along with all the required documents in Part 2 plus the two attachments.
5. Applicants should note that in accordance with ADS 302.3.4.13.c(3), the applicable standard provisions in ADS 303 are also applicable to all grant awards made under this APS. The standard provisions can be referenced here :
 - Standard Cost Reimbursement Grants (STGs) for Non-U.S. Nongovernmental Organizations at <https://www.usaid.gov/about-us/agency-policy/series-300/references-chapter/303mab> and
 - Standard Cost Reimbursement Grants (STGs) for U.S. Nongovernmental Organizations. at <https://www.usaid.gov/about-us/agency-policy/series-300/references-chapter/303maa> and

Part II (Points 7 to 15). Part II should contain the following information

7. **Executive Summary** (No more than 1 Page) and a **Program Description** (10 pages maximum, excluding required attachments detailed below) **(Required)**. Applicants are required to submit the **additional details as specified in sub-section (a) to (l) below**.

The Applicant must describe the project goal, objectives, implementation plan, detailed activities, and expected results and impact. It should also include a brief problem statement describing the specific problem to be addressed by the award, and which SAREP objective will be addressed. The program description must be results-oriented and demonstrate likely success in achieving the stated indicators and be responsive to the selection criteria as outlined in this APS, including fund-leveraging strategy. The application must include details of collaboration or partnership, that result in additional resources being leveraged by SPF funding.

For the sake of clarity, a result is described as a significant, intended, and measurable change in the condition of the beneficiary or a change in the host country, institutions, or other entities that will affect the beneficiary directly or indirectly. Clear identification of the beneficiaries, their number, location, and anticipated benefits that they will receive is required.

Applicants are also required to submit additional information as described below. All the below documents below at bullet (a) to (l) should be in a single pdf (printable) file with different sections clearly demarcated and easily identifiable. Budget sheet (Attachment A) is required as an excel file while the Budget narrative should be in the single pdf file.

- a) Completed Application Cover Sheet with project title; organization name and contact information including contact person, address, telephone, fax, and email address (Part I)
- b) Completed and signed Grant Application Form (Part II)
- c) Implementation Plan and strategy. See Application Form. (5 pages maximum)
- d) Monitoring and evaluation plan. See application Form (2 pages maximum)

- e) Sustainability Plan. Describe how project activities will be sustained beyond USAID SAREP Activity funding. (1 Page maximum)
- f) Organizational capabilities, technical and management team, and brief (up to 1-page CVs of 2-3 key personnel) (combined limit of 5 pages)
- g) Budget (Attachment A) and Budget Narrative. See instructions on Grant Application Form.
- h) Completed Organizational Control Environment Questionnaire (Attachment B)
- i) Past Performance References, as described below.
- j) Anti-Terrorism Certification. See instructions on Grant Application Form.
- k) For Non-U.S. Organizations, submit proof of registration in the relevant country as per ADS 310
- l) For non-US Organizations, submit documents and licenses to prove their eligibility to receive foreign grants

Details regarding expected information and page limits are described below:

8. Implementation Plan and strategy (Required). A high-quality implementation plan should clearly demonstrate the approach to achieve the anticipated results. It should provide specific inputs on activities, processes, or strategies to be adopted to achieve the results. Further, it should articulate why and how the planned activities lead to the intended results, anticipated risks, and mitigation strategies. A GANTT chart showing anticipated timetable for activities and results should also be included. (5 pages maximum)
9. Sustainability Plan (Required). Describe how project activities will be sustained beyond USAID SAREP activity funding. (1 page maximum)
10. Monitoring and Evaluation Plan (Required). The Monitoring and Evaluation Plan should contain a set of performance indicators and targets against those indicators that will permit continuous measurement of progress toward targeted results. The baseline data and its source should be clearly identified. For each performance indicator, the definition and the unit of measurement should be specified along with the plan for reporting and validation of results. See Attachment D. (2 pages maximum)
11. Organizational capabilities, technical and management team description (up to 1-page; plus CVs of 2- 3 key personnel) (Required). (Combined limit of 5 pages). If the applicant is proposing a partnership with other organizations, organizational and technical capabilities must be presented for each partner and the management team description must demonstrate how the partnership will be effectively coordinated. The TEC will consider the consolidated credentials of the consortium with primary emphasis on the prime grantee. Commitment letters detailing the scope and budget of each of the members is required.
12. Budget, Budget Narrative and Milestone Payment Plan (Required). Each application must contain a **detailed line-item budget (US Dollars)** presented in MS Excel (with formulas) (See Attachment A) accompanied by a **budget narrative** in PDF format explaining all costs. Lump sum budgets will be considered non-responsive and will be rejected. An acceptable budget will have all costs broken out by unit costs and should

clearly show the number of units used for each line item. Each line item should identify the type of cost, e.g., labor units, units of materials and/or equipment, travel, transportation, communications, etc. The narrative must provide a justification for each cost component and must describe how the applicant has determined the unit cost and the number of units for each budget line item. In case of Fixed Amount Awards (FAAs), the applicant must also propose a Milestone Payment Plan, indicating the payment associated with each milestone and briefly explaining how these percentages were arrived.

15. **Anti-Terrorism Certification (Required as per format below duly signed).** It is a **requirement** by USAID and a condition of award that the Applicant must certify that it does not support terrorism. Applicants unable to submit this signed certification will not be eligible for an award.

By signing and submitting this application, the Applicant provides the certification set out below:

1. The Applicant, to the best of its current knowledge, did not provide, within the previous ten years, and will take all reasonable steps to ensure that it does not and will not knowingly provide, material support or resources to any individual or entity that commits, attempts to commit, advocates, facilitates, or participates in terrorist acts, or has committed, attempted to commit, facilitated, or participated in terrorist acts, as that term is defined in paragraph 3.
2. The following steps may enable the Applicant to comply with its obligations under paragraph 1:
 - a) Before providing any material support or resources to an individual or entity, the Applicant will verify that the individual or entity does not (i) appear on the master list of Specially Designated Nationals and Blocked Persons, which list is maintained by the U.S. Treasury's Office of Foreign Assets Control (OFAC) and is available online at OFAC's Website: <https://home.treasury.gov/policy-issues/financial-sanctions/specially-designated-nationals-and-blocked-persons-list-sdn-human-readable-lists>, or (ii) is not included in any supplementary information concerning prohibited individuals or entities that may be provided by USAID through RTI.
 - b) Before providing any material support or resources to an individual or entity, the Applicant also will verify that the individual or entity has not been designated by the United Nations Security (UNSC) sanctions committee established under UNSC Resolution 1267 (1999)
 - c) (the "1267 Committee") [individuals and entities linked to the Taliban, Usama bin Laden, or the Al Qaida Organization]. To determine whether there has been a published designation of an individual or entity by the 1267 Committee, the
 - d) Recipient should refer to the consolidated list available online at the Committee's Website: <https://www.un.org/securitycouncil/sanctions/1267>.
 - e) Before providing any material support or resources to an individual or entity, the Applicant will consider all information about that individual or entity of which it is aware and all public information that is reasonably available to it or of which it should be aware.
 - f) The Applicant also will implement reasonable monitoring and oversight procedures to safeguard against assistance being diverted to support terrorist activity.

3. For purposes of this certification

- a. “Material support and resources” means currency or monetary instruments or financial securities, financial services, lodging, training, expert advice or assistance, safehouses, false documentation or identification, communications equipment, facilities, weapons, lethal substances, explosives, personnel, transportation, and other physical assets, except medicine or religious materials.
- b. “Terrorist act” means:
 - i. An act prohibited pursuant to one of the 12 United Nations Conventions and Protocols related to terrorism (see United Nations terrorism conventions Internet site: <http://untreaty.un.org/English/Terrorism.asp>);
 - ii. An act of premeditated, politically motivated violence perpetrated against noncombatant targets by subnational groups or clandestine agents; or
 - iii. Any other act intended to cause death or serious bodily injury to a civilian, or to any other person not taking an active part in hostilities in a situation of armed conflict, when the purpose of such act, by its nature or context, is to intimidate a population, or to compel a government or an international organization to do or to abstain from doing any act.
- c. “Entity” means a partnership, association, corporation, or other organization, group, or subgroup.
- d. References in this Certification to the provision of material support and resources shall not be deemed to include the furnishing of USAID funds or USAID-financed commodities to the ultimate beneficiaries of USAID assistance, such as recipients of food, medical care, microenterprise loans, shelter, etc., unless the Recipient has reason to believe that one or more of these beneficiaries commits, attempts to commit, advocates, facilitates, or participates in terrorist acts, or has committed, attempted to commit, facilitated, or participated in terrorist acts.
- e. The Applicant’s obligations under paragraph I are not applicable to the procurement of goods and/or services by the Applicant that are acquired in the ordinary course of business through contract or purchase, e.g., utilities, rents, office supplies, gasoline, etc., unless the Applicant has reason to believe that a vendor or supplier of such goods and services commits, attempts to commit, advocates, facilitates, or participates in terrorist acts, or has committed, attempted to commit, facilitated or participated in terrorist acts.

ATTACHMENT C: UNIQUE ENTITY IDENTIFIER (UEI)

WHAT IS A UNIQUE ENTITY IDENTIFIER (UEI, or Unique Entity ID) &

WHY DOES MY ORGANIZATION NEED TO OBTAIN ONE?

The U.S. government is transitioning away from the DUNS number as the primary organizational identifier to the twelve-digit alphanumeric Unique Entity Identifier (UEI) starting April 4, 2022.

The UEI will be requested in, and assigned by, SAM (www.sam.gov). Organizations will no longer have to go to a third-party website to obtain their identifier. This transition allows the United States government to streamline the entity identification and validation process, making it easier and less burdensome for entities to do business with the government.

If your entity is registered in SAM.gov today, your Unique Entity ID (SAM) has already been assigned and is viewable in SAM.gov. This includes inactive registrations. The Unique Entity ID is currently located below the DUNS Number on your entity registration record. Remember, you must be signed in to your SAM.gov account to view entity records. To learn how to view your Unique Entity ID (SAM) go to [this help article](#).

If your entity is not registered in SAM.gov today, please visit www.sam.gov to begin the registration process.

The process to obtain UEI number should take no more than 3 business days. Please refer to the quick start guide on the following page.

Quick Start Guide for Getting a Unique Entity ID

SAM.gov is the official free, government-operated website for the management of government awards. There is NO charge to register or maintain your entity information in SAM.gov.

You can get a Unique Entity ID for your organization without having to complete a full entity registration. If you only conduct certain types of transactions, such as reporting as a sub-awardee, you may not need to complete an entity registration. Your entity may only need a Unique Entity ID.

If your entity is registered in SAM.gov, you already have a Unique Entity ID

If you have an active or inactive registration in SAM.gov today, you have already been assigned a Unique Entity ID. It's viewable on your entity registration record in SAM.gov. [Learn how to view your Unique Entity ID \(SAM\) here.](#)

If your entity is not registered in SAM.gov and you only want a Unique Entity ID

If you want to only get a Unique Entity ID and do not want to complete a full entity registration in SAM.gov, follow the steps below.

1. Go to SAM.gov and select “Sign In” from the upper right corner of the page. If you do not have a SAM.gov account, you will need to create one. SAM.gov uses Login.gov for authentication. More help with using Login.gov [can be accessed here](#). Once you create your user credentials, you will return to SAM.gov to complete your profile.

2. After you sign in, the system will navigate you to your Workspace. On the “Entity Management” widget, select the “Get Started” button.

Register Entity

An entity registration allows you to bid on government contracts and apply for federal assistance. As part of entity registration, we will assign you a Unique Entity ID (SAM).

Comprehensive and current entity information is an essential part of the federal award process. It is important to prepare your information and allow sufficient time to understand and accurately complete your registration. You only need to complete and manage it here to remain eligible for federal awards.

You must renew your registration every 365 days for it to remain active.
