Description of Activity/Service:

Introduction

RTI International is an independent, nonprofit research institute dedicated to improving the human condition. Clients rely on us to answer questions that demand an objective and multidisciplinary approach—one that integrates expertise across the social and laboratory sciences, engineering, and international development. We believe in the promise of science, and we are inspired every day to deliver on that promise for the good of people, communities, and businesses around the world.

RTI International has been working in Asia for more than 35 years, providing technical assistance, institutional strengthening, and program support on behalf of governments, foundations, and private-sector clients. Together with our local partners, we deliver science-based solutions and advisory and technical services to help countries across South and Southeast Asia achieve national, regional, and local goals—in health, education, economic growth, governance and public policy, and environmental management. RTI is implementing 19 projects in the Asia region with its offices located in India, Indonesia, Thailand, Cambodia, Philippines, Laos, Nepal, and Papua New Guinea.

RTI International is the implementing contractor for a five (5) year USAID project called the USAID South Asia Regional Energy Partnership (SAREP). SAREP will serve as a linchpin of the Asia Enhancing Development and Growth through Energy (EDGE) initiative. To achieve USAID’s goal of improving access to affordable, secure, reliable and sustainable energy, SAREP will address two distinct, yet mutually dependent objectives: a. Enabling six countries – Bangladesh, Bhutan, India, Maldives, Nepal and Sri Lanka—to build systems and processes in line with their respective economic and energy security priorities, and b. Facilitating collaboration among these six countries in a regional energy market that will accelerate economic development, self-reliance, livelihoods, health, and productivity throughout the region.

SAREP’s objectives are as follows:

- Workstream 1: Regional Energy Hub
- Workstream 2: Technical Services
 - Objective 1: Enhanced regional energy markets and integration
 - Objective 2: Increased development of advanced energy
 - Objective 3: High-performing modern utilities.
 - Objective 4: Transparent, best-value procurement.

Statement of Work: Energy Portfolio Management System (EPMS) for Discoms-Carry out a study to identify the CBET Potential of South Asian (SA) nations over the next 20 years (2024-2044)**A. BACKGROUND**

The main objective SAREP Task Force-2 (STF-2) is to advance Transmission Systems Interconnection through identifying the import-export opportunities for technically and economically feasible cross border interconnections considering generation capacity additions, development of intercountry coordination procedures and standards required with respect to regional power system planning, design, and system operations, consistent with the evolving legal, policy and regulatory practices, and facilitate the implementation of the regional bilateral, trilateral transmission interconnections in South Asia for development of South Asian Regional Power Grid¹.

Massive transformation in the energy and power sector is expected in the region and a different vision and outlook are emerging at the policy level. RE, EV, Decarbonization, Net Zero targets, energy efficiency, rooftop, energy storage, and hydrogen economy have come up in recent years etc. in South Asia. The load profile and nature of the power system is changing due to various factors including weather. All these changes can have a significant impact on the prospect/nature of Cross Border Electricity Trade (CBET) in South Asia. Past studies have not been able to comprehensively capture such dynamics as such subjects have not evolved at a scale during the time of conducting the study².

Most of the Regional Studies (in the past) base motivation relied upon data and projections made in the country-specific plans in each country, nature/characteristic of the power system of that time whereas earlier country-specific plans (used by the past studies) are under review in most of the south Asian country/have come up with new plans such as below: - a) Bangladesh- Integrated Power and Energy Master Plan (IEPMP), 2023 b) India- Draft National Electricity Plan (Generation), September 2022, India- Draft National Electricity Plan (Transmission), 2022/23 c) India- Transmission System for Integration of over 500 GW RE Capacity by 2030, December 2022 d) Sri Lanka- CEB Long Term Generation Expansion Plan (2022-2041) e) Master plans/Projects in Bhutan and

Nepal are under periodic and regular review f) Transmission System Development Plan of Nepal, 2018 etc. as examples².

During the 11th Meeting of SAREP Task Force-2 on “Advancement of Transmission System Interconnections for Cross Border Electricity Trade” held on 16th February 2023, at Kathmandu, Nepal, it was decided to undertake a state-of-the-art assessment of Cross Border Electricity Trade Potential which is needed along with a long-term trajectory that will provide clarity on future Cross Border Electricity Trade in South Asia and a quantitative outlook for investors.

B. OBJECTIVE

“Subcontractor” means the person or firm whose Cost and Technical Proposal has been accepted by RTI and the legal successors in title to such person, but not (except with the written consent of RTI) any assignee of such person or firm. The term “Supplier,” “Subrecipient” or “Contractor” may be used in place of Subcontractor where contextually appropriate and/or necessary.

ARTICLE 2. Institutional Review Board [Insert if applicable. Applicable if Subcontract involves the use of human subjects]

Institutional Review Board approval must be obtained before any contact with human subjects. All research involving human subjects, or data from or about human subjects, must be conducted in accordance with applicable federal regulations (45 CFR 46 and 21 CFR 50 and 56) and the protocol approved by the IRB. Research activities include contacting Human Subjects, conducting the survey and the collecting and storing of any Human Subject data resulting from this survey. Upon notice of IRB approval, RTI will provide notice to the Subcontractor to commence work. Once this notice is provided to Subcontractor, the Subcontractor may commence with the research activities.

ARTICLE 3. Privity of Contract

No privity between Subcontractor and RTI’s client, including the Federal Government, is established by this Subcontract. All communications regarding this Subcontract must be directed to RTI and not to RTI’s Client.

ARTICLE 4. Independent Contractor

The relationship of Subcontractor to RTI is that of an independent contractor, and nothing in this Subcontract shall be construed as creating any other relationship. Subcontractor shall comply with all laws and assume all risks incident to its status as an independent contractor. This includes, but is not limited to, responsibility for all applicable federal and state income taxes, associated payroll and business taxes, licenses and fees, and such insurance as is necessary for Subcontractor’s protection in connection with work performed under this Agreement. Neither Subcontractor nor anyone employed by it shall be, represent, act, and purport to act, or be deemed to be an agent, representative, employee, or servant of RTI.

ARTICLE 5. Statement of Work/Price and Delivery Schedule

Subcontractor shall furnish the necessary personnel, materials, services, equipment and facilities, and all other items necessary to accomplish all tasks specified in Subcontractor’s *Statement of Work/Price and Delivery Schedule* which is hereby incorporated and made a part of this Subcontract.

ARTICLE 6. Limitation of Funds/Costs (Applicable to Incrementally Funded)

The parties agree that performance of the Subcontract will not cost RTI or RTI’s Client more than the cost specified in the Subcontract. Subcontractor agrees to perform the work set forth within the cost ceiling and the funding amount allocated to the Subcontract. In the event the Subcontract is not fully funded at the time of award, RTI, at its sole discretion, will incorporate additional funding to support the work requirements as funding is made available to RTI by RTI’s Client. This additional funding will be incorporated into the Subcontract by written modification. Funding allocations shall not exceed the cost

ceiling established in the Subcontract. No costs will be incurred under except those costs specifically proposed by the Subcontractor to RTI. RTI is not obligated to reimburse the Subcontractor for costs incurred in excess of the total funding amount allotted by RTI to the Subcontract, and the Subcontractor is not obligated to continue performance or otherwise incur costs in excess of the amount of funding allotted to the Subcontract. For incrementally funded Subcontracts funded via Federal Contracts, the Limitation of Funds Clause (FAR 52.232-22) shall also apply, and when such an individual Subcontract becomes fully funded, the Limitation of Cost Clause (FAR 52.232-20) shall then become applicable.

ARTICLE 7. Period of Performance and Delays

Subcontractor shall strictly adhere to the period of performance set forth in the Appendix A, Special Contract Requirements. Any changes to the period of performance shall only be authorized by RTI through the issuance of a written and fully executed Subcontract modification. In the event of any anticipated or actual delay in performance, Subcontractor shall: (i) promptly notify RTI in writing (within 5 business days) of the reasons for the delay and the actions being taken to overcome or minimize the delay; (ii) provide RTI with a written recovery schedule; and (iii) if requested by RTI, expedite performance or delivery to avoid or minimize delay to the maximum extent possible, unless Subcontractor is excused from prompt performance as provided in the “Excusable Delays” article of this Subcontract.

ARTICLE 8. Consultants/Lower-Tier Subcontracts

- A. PRIOR WRITTEN approval of the RTI Subcontract Administrator is required for obtaining services of consultants and lower-tier subcontractors. Costs for consultants and lower-tier subcontractors who have not received PRIOR WRITTEN approval in accordance with this Article will not be reimbursed. Inclusion in the Subcontractor’s budget or proposal does not constitute request or approval of consultants or lower-tier Subcontractors.
- B. When requesting the use of consultants or a lower-tier subcontractor, the Subcontractor shall furnish information concerning the need for such services, the reasonableness of the fees or costs, a copy of the proposed consulting agreement/subcontract, and any additional information required to make a determination of acceptability, including, as applicable, FAR 52.244-2. Cost-plus-a-percentage-of-cost subcontracts or purchase orders are prohibited. Once approved, Subcontractor should make every effort to provide prompt payment to any lower-tier consultants, subcontractors or any subrecipients for materials or labor.

ARTICLE 9. Assignment, Delegation, and Subcontracting

- A. Subcontractor shall not assign or novate any of its rights or interests in this Subcontract without prior written consent of the RTI Subcontract Administrator. Subcontractor shall not delegate any of its duties or obligations under this Subcontract. Subcontractor shall not assign its right to monies due or to become due. No assignment, delegation or subcontracting by Subcontractor, with or without the RTI Subcontract Administrator’s written consent, shall relieve Subcontractor of any of its obligations under this Subcontract or prejudice any of RTI’s rights against Subcontractor whether arising before or after the date of any assignment. This Article does not limit Subcontractor’s ability to purchase standard commercial supplies or raw materials.
- B. RTI shall be entitled to assign this Subcontract to any third party or any of its subsidiaries or other affiliates (including by operation of law, judicial process or otherwise) or any successor to RTI’s business or operations without prior notice to or consent from Subcontractor. RTI shall further be entitled to assign this Subcontract to its Prime Sponsor of the agreement under which this

Subcontract is issued without prior notice to or consent from Subcontractor. Any other assignment by RTI shall require Subcontractor consent.

ARTICLE 10. Technical Direction

- A. The RTI Principal Investigator/Project Manager identified in Appendix A, *Special Contract Requirements*, does not have the authority to direct the Subcontractor to make changes in scope, period(s) of performance, place(s) of performance, cost, funding, or any other express Provisions of this Subcontract. All matters affecting the terms of this Subcontract and the administration thereof shall be referred to the RTI Subcontract Administrator. The RTI Subcontract Administrator is the only person with the authority to direct changes under this Subcontract. Any changes to the provisions of this Subcontract must be made by written modification in accordance with the Changes and Modifications Provision of this Subcontract.
- B. When, in the opinion of Subcontractor, technical direction calls for effort outside the scope of the Statement of Work, Subcontractor shall notify the RTI Subcontract Administrator and the RTI Principal Investigator/Project Manager of the technical direction in writing in accordance with the Changes and Modifications Article of this Subcontract.

ARTICLE 11. Inspection and Acceptance

- A. Acceptance of the work set forth in this Subcontract will be made by the RTI Principal Investigator/Project Manager as identified in Appendix A: *Special Contract Requirements* or his/her authorized designee. RTI and any Client including without limitation the federal government of the United States have the right to inspect and evaluate the work performed or being performed under this Subcontract, and the premises where the work is being performed, at all reasonable times and in a manner that will not unduly delay the work. .
- B. If RTI or a Client performs any inspection or test on the premises of the Subcontractor or a lower-tier subcontractor, the Subcontractor shall furnish, and shall require lower-tier subcontractors to furnish, without additional charge, all reasonable facilities and assistance for the safe and convenient performance of these duties. Upon request by RTI or a Client, Subcontractor shall provide RTI or the Client the records of inspection/test for any products and/or services furnished hereunder at any time during performance and any applicable warranty period.

ARTICLE 12. Changes and Modifications

- A. The RTI Subcontract Administrator may direct changes within the general scope of the Subcontract in any of the following: (i) technical requirements and descriptions, specifications, statement of work, drawings or designs; ; (ii) place of delivery, inspection or acceptance; ; (iii) amount of RTI-furnished property; and, if the Subcontract includes services; (iv) description of services to be performed; ; and (v) place of performance. Subcontractor shall comply immediately with such direction.
- B. If any change under this Article causes an increase or decrease in the Subcontractor's cost of, or the time required for, the performance of any part of this Subcontract, the parties shall negotiate an equitable adjustment in the price or schedule, or both, and the RTI Subcontract Administrator shall modify the Subcontract in writing accordingly.
- C. Subcontractor must assert its right to an adjustment under this Article to the RTI Subcontract Administrator in writing within 30 (thirty) calendar days from the date of Subcontractor's receipt of the

written change order from the RTI Subcontract Administrator. In support of the claim for adjustment, Subcontractor shall provide a written statement describing the general nature of the requested adjustment, as well as a fully supported proposal with the total dollar amount of the requested adjustment. RTI may, at its sole discretion, consider any claim regardless of when asserted. RTI, or mutually agreeable third-party, may examine Subcontractor's pertinent books and records to verify the amount of Subcontractor's claim. Failure of the parties to agree upon any adjustment shall not excuse Subcontractor from performing previously agreed upon work.

- D. Notwithstanding the foregoing provisions of this article, the Subcontract ceiling and funded amount shall not be increased or deemed to be increased except by specific written modification of this Subcontract indicating the new Subcontract ceiling and authorized funded amount. Until such modification is made, Subcontractor shall not continue performance or incur costs beyond the period of performance or the authorized funded amount as set forth in the Special Contract Requirement (SCR) Appendix of this Subcontract.

ARTICLE 13. Indirect Rate and Audit Indemnity (Applicable to Cost Type Subcontracts funded in whole or in part via Federal funds)

Subcontractor shall provide the Subcontract Administrator with a copy of Subcontractor's Negotiated Indirect Cost Rate Agreement with the Government for the purpose of verifying compliance with Subcontractor's Negotiated Indirect Cost Rate Agreement with the Government. In the event Subcontractor will not provide indirect rate information to RTI due to proprietary restrictions, Subcontractor hereby agrees to certify to the following:

"The indirect costs billed under this Subcontract do not exceed the indirect rates as determined in Subcontractor's Negotiated Indirect Cost Rate Agreement with the Government for the fiscal year in which the direct costs were incurred."

If Subcontractor does not have a Negotiated Indirect Cost Rate Agreement with the Government, Subcontractor shall invoice for indirect costs that do not exceed the indirect rates established in the Subcontract. Subcontractor shall maintain and provide upon request appropriate audit-level documentation to support claimed indirect rates.

In the event that a Government audit of Subcontractor financial records results in a determination that Subcontractor has failed to adhere to the requirements of this Article, 2 CFR 200 Subpart E and 48 CFR 31, and such audit results in the reduction of the price of the Subcontract, Subcontractor hereby agrees to indemnify, defend and hold harmless RTI from and against any and all demands, claims, liabilities, fines, penalties, losses, damages, costs and expenses of whatsoever nature, including attorneys' fees, which may be asserted by the Government auditor. The Subcontractor shall promptly, within 30 days from date of the Government audit findings, reimburse RTI for any overpayments, including any interest and penalties, previously made by RTI to Subcontractor as a result of Subcontractor's failure to comply with the cost allocability, allowability and reasonableness standards set forth in 48 CFR 31 or 2 CFR 200 Subpart E, as applicable.

ARTICLE 14. Submission and Payment of Invoices

- A. T&M, Labor Hour and Cost Reimbursement Subcontracts: Subcontractor shall submit invoices monthly

for reasonable, allowable, and allocable costs incurred in the performance of work under a Subcontract.

- B. Fixed Price Subcontracts: Subcontractor shall submit invoices in accordance with each individual Subcontract's Milestone Payment Schedule contained therein.
- C. RTI shall make any payments due under this agreement within thirty (30) calendar days after its receipt of a proper invoice from Subcontractor provided Subcontractor complied with requirements of the Subcontract and such invoice from Subcontractor complies with all requirements, which may be amended from time to time after this Agreement's execution, delineated at the following link: https://www.rti.org/sites/default/files/supplier_invoicing_instructions_for_rti_org.pdf
- D. Allowable Costs for Subcontracts funded via Federal Contracts: Except as provided in this Article, payment for Subcontracts issued under Federal Contracts will be made in accordance with the following clauses of the Federal Acquisition Regulation (FAR), which are incorporated by reference. In each of the following clauses, "Contractor" means Subcontractor, "Contracting Officer" means the RTI Subcontract Administrator, and "Government" means RTI and "Disputes Clause" means the "Disputes Clause" of this Agreement.
- 1) FAR 52.216-7 Allowable Cost and Payment
 - 2) FAR 52.216-8 Fixed Fee (Applicable to Cost Plus Fixed Fee Subcontracts)
 - 3) FAR 52.216-10 Incentive Fee (Applicable to Cost Plus Incentive Fee Subcontracts)
 - 4) FAR 52.232-7 (Applicable to Time-and-Materials Subcontracts)

E. Final Payment and Closeout

Subcontractor's final invoice for the Subcontract and release and assignment shall be submitted to RTI within sixty (60) calendar days following completion of the period of performance of the Subcontract. In the event that quick closeout is requested by RTI, Subcontractor shall comply with FAR Part 42.708 to complete the Subcontract closeout. Payment of the **final invoice** will be withheld pending:

- Completion, submission, and acceptance by RTI of all work performed under the Subcontract's Statement of Work
- Completion of Subcontract Release and Assignment Form including patent/invention report, and property report; and
- Clear, visible, and proper marking of "**final invoice**" on the actual final invoice.

ARTICLE 15. Travel

For Subcontracts under nonfederal agreements, costs incurred for lodging, meals and incidental expenses shall be as agreed upon between the parties. For Subcontracts under Federal agreements, and to the extent travel is not restricted by the Subcontract, costs incurred for lodging, meals and incidental expenses shall be considered to be reasonable, allowable, and allocable only to the extent that they do not exceed, on a daily basis, the maximum per diem rates in effect on the day of travel as set forth in the current version of the Federal Travel Regulations (FTR).

ARTICLE 16. Taxes

All taxes applicable to the proceeds received by Subcontractor shall be the liability of Subcontractor, and RTI shall not withhold nor pay any amounts for federal, state or municipal income tax, social security,

unemployment or workman's compensation unless required by law. RTI shall withhold and remit any amount, regardless of its description as a tax or otherwise, in countries where local laws require that such amounts be withheld and timely remitted by RTI. In accordance with law, RTI shall annually file with the Internal Revenue Service, or any other tax agency, whether domestic or not, any applicable tax forms reflecting the gross annual payments made by RTI to Subcontractor. Gross annual payments shall be the total compensation for labor and reimbursement of expenses; therefore, it is the Subcontractor's responsibility to retain copies of expenses incurred during the performance of services under this Agreement for tax reporting purposes. It is the Subcontractor's responsibility to determine if a value added tax (VAT) is applicable to services provided to RTI, and to timely remit the VAT charged to RTI per the invoicing instructions included in Article 10. The invoice tendered to RTI for payment shall comply with the applicable local country's VAT regulations.

ARTICLE 17. Record Retention and Access

Subcontractor shall maintain books, records, documents, program and individual service records and other evidence of its compliance with laws and regulations as well as accounting and billing procedures with respect to this Agreement and the Scope of Work set forth herein. These records shall be subject at all reasonable times to monitoring, inspection, review or audit by authorized employees or agents of RTI, or by the United States government, as applicable. Subcontractor shall retain all such records concerning this contract for a period of five (5) years or other statutory requirement, whichever is longer, after the completion of the Subcontract. If any litigation, claim or audit is started before the expiration date of this three-year period, the records shall be retained until all litigation, claims or audit findings involving the records have been resolved.

ARTICLE 18. Confidential Information

- A. During the term of this Subcontract, Subcontractor and its employees may receive or have access to data and information that is confidential and proprietary to RTI or its Client. All such data and information ("Confidential Information") made available to, disclosed to, or otherwise made known to Subcontractor as a result of services under this Subcontract shall be considered confidential and shall be considered the sole property of RTI and/or RTI's Client. Confidential Information may be used by Subcontractor or its employees only for purposes of performing the obligations hereunder and such persons shall be advised of the obligations set forth in this Agreement and shall agree to be obligated in like manner. Subcontractor shall not reveal, publish or otherwise disclose Confidential Information to any third party without the prior written consent of the disclosing party and shall use at least the same degree of care in safeguarding the Confidential Information as the party uses in safeguarding its own confidential information but in no event less than a reasonable standard of care. Nothing herein shall be construed or interpreted to limit or in any way restrict the rights of any Client including the federal government of the United States regarding data such Client owns or has a right to use, including the right to authorize Subcontractor's use of such data in direct contracts between Subcontractor and such Client.

- B. Confidential and/or proprietary information includes trade secrets, the structure, sequence, and organization of the Products, marketing plans, blueprints, techniques, processes, procedures and formulae, price lists, specifications, prints, and Product plans. Intellectual Property may include, without limitation, information relating to research and development, formulations, inventions, discoveries, improvements, methods, and processes, techniques, methodologies, know-how, algorithms, compositions, works, concepts, designs, ideas, prototypes, models, samples, writings, notes, patent applications, and trade secrets. Business practices may include, without limitation,

information relating to business plans, financial information, products, and services, manufacturing processes and methods, costs, sources of supply, strategic marketing plans, customer lists, sales profits, pricing methods, personnel, and business relationships (“Confidential Information”).

The foregoing obligations shall not apply to Confidential Information which:

- is or becomes generally available to the public other than as a result of a disclosure by Subcontractor;
 - becomes available to Subcontractor on a non-confidential basis from a third-party source which is not prohibited from disclosing such information by a legal, contractual or fiduciary agreement to a third party;
 - Subcontractor develops independently without use of the disclosing party's Confidential Information, as demonstrated by written records and evidence;
 - was in Subcontractor's possession or known to it prior to its receipt from the disclosing party; or
 - is required by law to be disclosed, provided Subcontractor notifies the disclosing party promptly and gives the disclosing party an opportunity to seek an appropriate protective order.
- C. These obligations of confidentiality and non-disclosure shall remain in effect for a period of five (5) years after the termination of this Subcontract and indefinitely for any Trade Secrets. Subcontractor shall return or destroy all copies of any Confidential Information it has received from RTI within thirty (30) business days after the effective date of the termination. At the request of RTI, an authorized officer of the Subcontractor will certify in writing that it has complied with its obligations hereunder.
- D. In the event of any breach or suspected breach of the obligations contained herein, the Receiving Party shall, as applicable and at its expense: (a) notify the Disclosing Party as soon as practicable but no later than seventy-two (72) hours of determination; (b) reasonably cooperate with the Disclosing Party in investigating the occurrence, including making available all relevant records, logs, files, data reporting and other materials required of Disclosing Party to comply with applicable law or as otherwise reasonably required by Disclosing Party; (c) provide all notifications and credit monitoring that may be required of Receiving Party under applicable law; and (d) perform or take any other actions required of Receiving Party to comply with applicable law as a result of the occurrence.

ARTICLE 19. Conflicts of Interest

- A. Subcontractor warrants that, to the best of the Subcontractor's knowledge and belief, there are no relevant facts or circumstances which could give rise to a conflict of interest or that the Subcontractor has disclosed all such relevant information.
- B. Subcontractor agrees that if an actual or potential conflict of interest is discovered after execution of this Subcontract, the Subcontractor will make a full disclosure in writing to the RTI Subcontract Administrator. This disclosure shall include a description of activities that the Subcontractor has taken or proposes to take, after consultation with the RTI Subcontract Administrator, to avoid, mitigate, or neutralize the actual or potential conflict.

[Insert the following paragraph if the prime is a PHS funded project]

- C. Subcontractor has separately certified that it either has its own Financial Conflicts of Interest (“FCOI”) policy compliant with 42 CFR § 50 Subpart F or 45 CFR § 94, or that it will comply with RTI's FCOI policy. If following its own compliant policy, Subcontractor warrants that it has submitted any required FCOI

management plans to RTI and will continue to submit FCOI management plans throughout the term of this Subcontract as required. If following RTI's policy, individuals performing on behalf of Subcontractor that are responsible for the design, conduct, or reporting of research funded by the Public Health Service ("Investigators") shall complete RTI's FCOI training and submit Significant Financial Interest disclosure forms prior to beginning work and either annually thereafter or as new reportable Significant Financial Interests are obtained, whichever occurs first.

- D. The RTI Subcontract Administrator may terminate this Subcontract for convenience, in whole or in part, if it deems such termination necessary to avoid a conflict of interest. If the Subcontractor was aware of a potential conflict of interest prior to award, or discovered an actual or potential conflict after award and did not disclose or misrepresented relevant information to the RTI Subcontract Administrator, RTI may terminate the contract for default, and/or forward the relevant information to the Government Contracting Officer, who may debar the Subcontractor from Government contracting, and/or pursue such other remedies as may be permitted by law or this Subcontract.

Subcontractor further agrees to insert provisions which shall conform substantially to the language of this Section, including this paragraph (d), in any lower-tier subcontract or consultant agreement hereunder.

ARTICLE 20. Work for Hire

The work contributed by Subcontractor exclusively hereunder shall be considered a "work made for hire" as defined by the copyright laws of the United States. RTI shall be the sole and exclusive owner and copyright proprietor of all rights and title in and to the results and proceeds of Subcontractor's Subcontract deliverables hereunder in whatever stage of completion. If for any reason the results and proceeds of Subcontractor's services hereunder are determined at any time not to be a "work made for hire", Subcontractor hereby irrevocably transfers and assigns to RTI all right, title and interest therein, including all copyrights, as well as all renewals and extensions thereto. Subcontractor agrees that RTI may make any changes or additions to the work prepared by Subcontractor hereunder, which RTI in its sole discretion may consider necessary, and may engage others to do any or all of the foregoing, with or without attribution to Subcontractor. Subcontractor represents that, except with respect to material furnished to Subcontractor by RTI, Subcontractor's services are original with Subcontractor, and does not knowingly violate the right of privacy or publicity, or any other rights of any person, firm, or Subcontractor. To the extent that the work is the subject of or a deliverable under a state or Federal contract, the terms of such contract shall supersede the terms of this paragraph.

ARTICLE 21. Patents and Inventions

Subject to Federal or state laws and regulations, to the extent applicable, all ideas, inventions (whether or not patentable), and improvements whatsoever, conceived, discovered, or developed by Subcontractor, Subcontractor's employees or Subcontractor's subcontractors or subrecipients, specifically and exclusively related to performance of this Subcontract, shall be and remain the sole and exclusive property of RTI. Subcontractor agrees to promptly disclose to RTI all such ideas, inventions, and improvements, and, on demand and at RTI's expense, assist and require and bind Subcontractor's employees to assist, in preparation, execution, and delivery of any disclosures, patent applications or other papers required by RTI to obtain and enforce patents in the United States and foreign countries, and to execute and deliver to RTI

any reasonably stated assignment or other document which RTI deems necessary to perfect RTI's right, title and interest in and to said ideas, inventions, and improvements.

ARTICLE 22. Right to Publish/Release of Information

- A. Subcontractor agrees that it will not publish, have published or otherwise disseminate any information of whatever nature resulting from the work being performed under this Agreement except as may be approved by the Subcontract Administrator; provided, however, that Subcontractor may for internal use only and without the approval of RTI disseminate such information within its own organization on a "need-to-know" basis.
- B. Subcontractor and RTI mutually agree not to use the other party's name or make reference to the other party or any of its employees in publications, news releases, advertising, speeches, technical papers, photographs, sales promotions, or publicity purposes of any form related to this work or data developed hereunder, unless such materials have received prior written approval of the other party. Approvals shall not be unreasonably withheld. Unless specifically restricted in the Subcontract, use of either party's name may be made in internal documents, annual reports, and data bases which are not available to the public and which identify the existence of the research project by title, principal investigator, sponsor, period of funding, amount of award and abstract of the project.
- C. Subcontractor shall not use or duplicate any proprietary information including trade secrets belonging to or supplied by RTI, except as authorized by RTI in the performance of services or work under this Agreement.
- D. Any program, document, data or information supplied by Subcontractor to Client through RTI may be used, copied or disclosed by Client as necessary in the normal course of its business, subject to any copyright of Subcontractor in such materials and any notices or legends appearing thereon, provided (1) Subcontractor is entitled to place such notices or legends and (2) no other provisions of this Subcontract (including, if applicable, any FAR Clauses set forth in, or incorporated into, this agreement) prohibit or limit the effectiveness of such copyright or notice or legend.
- E. Nothing herein shall be construed or interpreted to limit or in any way restrict the rights of any Client including the federal government of the United States regarding data such Client owns or has a right to use, including the right to authorize Subcontractor's use of such data in direct contracts between Subcontractor and such Client.

ARTICLE 23. Infringement Representation

Subcontractor represents (a) that in preparing or presenting any deliverables under this Subcontract, Subcontractor will not knowingly infringe any intellectual property rights held by others; (b) that all deliverables developed by Subcontractor personnel under this Subcontract will be original works, and that Subcontractor will not incorporate any material not developed by Subcontractor personnel in preparing or presenting such works without clearly indicating such third party materials; and (c) that Subcontractor will notify RTI of any third party rights of which Subcontractor is aware that are necessary for RTI and RTI's Client(s) to use any such deliverables in accordance with the Subcontract.

ARTICLE 24. Indemnification

- A. Subcontractor shall defend, indemnify, and hold harmless RTI from any loss, damage, liability, claims, demands, suits, or judgments ("Claims") including any reasonable attorney's fees, and costs, as a result

of any damage or injury to RTI or its employees, directors, officers, or agents, or properties, or for any injury to third persons (including, but not limited to Claims by Subcontractor's employees, directors, officers or agents) or their property which is directly or indirectly caused by the negligence, willful misconduct, breach of this Subcontract, or violation of statutory duties of Subcontractor, or its employees, officers, directors, or agents, arising out of or in connection with the performance of this Subcontract unless such Claim is solely caused by, or resulting from, a material breach of this Agreement by RTI.

- B. RTI shall promptly notify Subcontractor of any claim which is covered by this provision. Subcontractor shall, in a diligent and timely manner, (i) brief RTI on all material information pertaining to a Claim and Subcontractor's efforts to defend against the Claim; and (ii) respond to reasonable inquiries by RTI regarding such Claim or defense. Any cooperation which an Indemnitee provides Subcontractor at Subcontractor's request with regard to defending against a Claim shall be at the sole expense of Subcontractor. RTI may, in its sole discretion, participate in any defense or settlement of a Claim and/or appoint adequate counsel, at Subcontractor's sole expense, to defend an Indemnitee against a Claim. Subcontractor shall not enter into any settlement, consent or other like resolution of a Claim without RTI's written approval, which RTI shall not unreasonably withhold. The issuance of such approval shall not waive or otherwise limit the indemnity rights of an Indemnitee under this Article.

ARTICLE 25. Governing Law

This Subcontract shall be governed by and construed in accordance with the laws of the State of North Carolina, excluding its principles of choice of laws, except as to any provisions hereof which are governed by the laws of the United States of America, as to which provisions such laws of the United States shall govern. If this Subcontract involves the sale of good, then this Subcontract excludes the application of the 1980 United Nations Convention on Contracts for the International Sale of Goods.

ARTICLE 26. Compliance with Laws

Subcontractor, in the performance of this Subcontract, shall comply with all applicable local, state, and federal laws, orders, rules, regulations and ordinances of the United States and all countries where Subcontractor will be performing the Subcontract.

ARTICLE 27. Excusable Delays

- A. Neither Party hereto shall be in default because of any failure to perform under the terms of this Subcontract if the failure arises from any incident or circumstance beyond the affected Party's control. A United States (U.S.) government shutdown and any interruption in the U.S. government's operations shall constitute an incident or circumstance beyond the affected Party's control if the Party affected informs the other Party immediately in accordance with the requirements of Paragraph (B) below.
- B. If any such case occurs, the Party affected shall inform the other Party immediately indicating the presumable duration and extent of such contingency. Moreover, the Party affected shall promptly use all reasonable efforts to settle such contingencies so that the performance of its obligations under this Subcontract can be resumed as soon as possible.

ARTICLE 28. Stop Work Order

- A. RTI may at any time, by written notice to Subcontractor, require Subcontractor to stop all or any part of the work called for by this Subcontract. Upon receipt of the notice, Subcontractor shall immediately cease all work in accordance with the written notice and shall take all reasonable steps to minimize the

incurrence of costs allocable to the work covered by the written notice during the period of work stoppage.

- B. Once the Stop Work order is no longer necessary, RTI shall either terminate in accordance with the Termination/Cancellation Article of this Subcontract or cancel the stop work order by written notice to Subcontractor. Subcontractor shall resume work upon cancellation or expiration of any stop work order. In the event Subcontractor is given notice to continue performing work on the Subcontract, an equitable adjustment in accordance with the principles of the Changes and Modifications Article of this Subcontract shall be made to the Subcontract price, the delivery schedule, or both, if applicable, provided that the claim for equitable adjustment is made as soon as possible but no later than twenty-five (25) calendar days after date of notice to continue.
- C. If the Subcontract includes Human Subjects research, the Subcontractor will take all necessary steps to bring the study to a medically safe termination. RTI understands that it is important that the welfare of human subjects is protected and that subjects are not put at risk. As soon as practicable but not more than seven (7) days after receipt of the Stop Work Order, Subcontractor shall present the facts and circumstances to RTI regarding requirements for medically safe termination of the study. The final decision on either stopping, continuing, or winding down the study will be made jointly by RTI and the Subcontractor. Expenses resulting from ensuring medically safe termination shall be subject to equitable adjustment in accordance with the principles of the Changes and Modifications Article of this Subcontract.

ARTICLE 29. Disputes

- A. Any dispute arising under this Subcontract shall be settled by mutual agreement of the parties or pursuant to paragraph (b) below.
- B. If the parties cannot resolve the dispute amongst themselves within a reasonable time, the parties may, by mutual agreement, settle such dispute by arbitration in accordance with the Rules of the American Arbitration Association in the City of Raleigh, North Carolina, and judgment upon the award rendered by the arbitrators may be entered in any court having jurisdiction. Except as expressly set forth in this Agreement, Subcontractor shall not acquire any direct claim of action against any Client including without limitation the federal government of the United States without the express, prior written consent of the Client's contracting officer. Any dispute involving the federal government of the United States shall be heard in a federal court.
- C. Pending completion of the Subcontract or final resolution of a dispute which releases Subcontractor from performance hereunder, the Subcontractor shall, at all times, proceed diligently with the performance of the Subcontract.

ARTICLE 30. Litigation and Labor Disputes

- A. Subcontractor shall provide written notice to RTI of any litigation that relates to the services directly or indirectly financed under this contract or that has the potential to impair the ability of the Subcontractor to fulfill the terms and conditions of this Subcontract, including but not limited to financial, legal or any other situation which may prevent the Subcontractor from meeting its obligations on the Subcontract.
- B. Whenever Subcontractor has knowledge that any actual or potential labor dispute is delaying or threatens to delay the timely performance of this Subcontract, Subcontractor shall immediately (within 5 calendar days) give notice thereof, including all relevant information, to RTI.

ARTICLE 31. Termination/Cancellation

Termination for Default

- A. RTI may terminate this Subcontract or any part thereof in the event of any default by Subcontractor, breach of contract or insolvency, or if Subcontractor fails to comply with any of the terms and conditions of the Subcontract. In the event of termination for default, RTI shall not be liable to Subcontractor for any amount, and Subcontractor shall be liable to RTI for any and all damages sustained by reason of the default which gave rise to the termination. RTI shall have right thereafter to take possession of all materials, equipment and the like, the costs of which have been reimbursed by RTI to Subcontractor. RTI shall be relieved of all further obligations hereunder. In the event that RTI incurs any additional costs as a result of the default by Subcontractor, RTI shall have the right to hold Subcontractor accountable for any such additional costs or damages incurred by RTI.

Termination for Bankruptcy

- B. If either party shall be adjudged bankrupt, or become insolvent or file for voluntary bankruptcy or be subjected to involuntary bankruptcy proceedings, or enter receivership proceedings, or make an assignment for the benefit of creditors, then the other party, without prejudice to any of the other rights or remedies expressly provided by law, may cancel this Subcontract, or any part hereof, by written notice to the bankrupt party and shall have the right there to retain possession of all materials, equipment and the like, the cost of which has not been reimbursed by the bankrupt party to the other party. In such cases of termination, the other party shall be relieved of all further obligations hereunder.

Termination for Convenience

- C. RTI reserves the right, upon written notice, in its own best interest or at the direction of any client or ultimate government customer, and without liability may, upon written notice to Subcontractor, terminate this Subcontract, in whole or in part, at any time, whether or not Subcontractor is in default of any of its obligations hereunder. Upon such cancellation, Subcontractor agrees to waive any claim for damages, including loss of anticipated profits on account hereof. However, RTI agrees that Subcontractor shall be paid an amount which when added to all installments previously paid will equal the sum of all costs properly incurred up to the date of cancellation, and any reasonable cost incurred as a result of such cancellation as agreed to between RTI and Subcontractor. Subcontractor shall not be paid for any work performed or costs incurred which reasonably could have been avoided. In no event shall such payments be greater than the original Subcontract price or authorized funding, whichever is less. All earned profit shall bear the same relationship to such incurred costs as the profit increment of the purchase price bears to the cost increment of such purchase price.
- D. Subcontractor shall provide RTI and Client, within thirty (30) days from the effective date of RTI's termination for convenience, any supporting information necessary to document the reasonableness of Subcontractor's claim for costs incurred. RTI and Client reserve the right to verify the amounts of any cost and profit increments claimed by Subcontractor, through an audit of Subcontractor's records.

The failure of RTI to enforce at any time or from time to time any provision of this Agreement shall not be construed as a waiver thereof.

ARTICLE 38. Combating Trafficking in Persons

Additional information regarding trafficking in persons may be found at the website for the U.S. Department of State's Office to Monitor and Combat Trafficking in Persons at <http://www.state.gov/j/tip/>.

The Subcontractor shall follow the applicable verification requirements at B (1) or B (2), respectively, except that any requirement for verification of new employees applies only to new employees assigned to the Subcontract.

(4) Option to verify employment eligibility of all employees. The Subcontractor may elect to verify all existing employees hired after November 6, 1986 (after November 27, 2009, in the Commonwealth of the Northern Mariana Islands), rather than just those employees assigned to the Subcontract.  - b. Once corrected, the next page will ask for your entity’s start year and state of incorporation.
8. If you choose “I don’t recognize my entity in this list,” the next page will ask for your entity’s start year and state of incorporation.
9. Enter your start year and state of incorporation, then select “Next.”
 - a. Start year could be your year of incorporation, your “established date,” the year you legally began doing business, or you received your employer identification number (EIN). If your entity is incorporated, use your year of incorporation.
 - b. State of incorporation could be where you incorporated your organization, filed your certificate or articles of formation, or where the organization is located, if not incorporated.
10. If your entity information was not shown in the entity list or if information needs to be updated, you must submit documentation to prove your information. If this is the case for your entity, you will be navigated to a page where the required information will be listed, and you can upload documents. Check your documents against the list to ensure they are acceptable and to avoid unnecessary delays due to unacceptable documents.
